In TT Isle of Man – Ride on the Edge 2, you ride the roads of the Snafell Mountain course, where the Isle of Man Tourist Trophy has been contested for over a century. The Isle of Man TT course is very different from a classic circuit. The route is full of imperfections and includes fast corners, tight bends and long straights where riders can exceed speeds of 186 mph (300 kmh)! **TT Isle of Man – Ride on the Edge 2** faithfully recreates the demanding course of this legendary race in which unerring anticipation is the key to victory.

TT Isle of Man – Ride on the Edge 2 takes realism to new heights, including improved bike physics, wear and tear of various parts, and inclusion of official TT bikes and riders. **KT Racing** worked closely with two professional riders to help meet the high expectations of players: Julien Toniutti, the fastest French rider in the TT; and Davey Todd, ranked second in the game's worldwide leaderboards and the second fastest newcomer of all time in the real race.

In addition, the redesigned **Career** mode offers each player the chance to move from amateur rider to winner of the Senior TT!
